# FROM OUR MINISTERS

## An Idea Whose Time Has Come

Even among elitist Ivy League schools, Harvard has a deserved reputation for taking snootiness and pretentiousness to heightened levels. But lately fair Hah-vahd has been kicked pillar to post for being tone-deaf and generally clueless for coddling and protecting anti-Semitism. Harvard professor Steven Pinker offers an antidote, calling on the university to reject its intellectual monoculture and actually to practice academic freedom. Pinker chides Harvard for its insistence on giving mini-sermons every time there's an event in the news.

In other words, mind your own business and quit talking down to everyone.

Great advice, Doc.

The Bible says something very similar to those interested in following the Lord: "But we urge you, brothers, to...aspire to live quietly, and to mind your own affairs, and to work with your hands, as we instructed you, so that you may walk properly before outsiders and be dependent on no one" (1 Thess. 4:10-12).

Still good advice.

Chuck Monan

This month let's remember our senior citizens... Arkansas seniors fare worse than many of their contemporaries in other states. An estimated 17.5% of Arkansans over the age of 60 are either food insecure or face the threat of becoming so. Pinnacle Church of Christ can make a difference!
